Description of Change to the Customer:

Replace the AXXSATADVDRUM package with a new package box. Below is a picture of the new package box.

Intel has qualified the SATA cable from a second vendor to be included within the AXXSATADVDRUM package. This second source vendor will be added to the Intel Approved Manufacturer List (AML) so either SATA cable may be shipped with the above product. The SATA cable from the second vendor looks nearly identical to the parts from the original vendor on the Intel Approved Manufacturer List. There may be texture and color differences with parts from the second source vendor, but the parts are fit & function equivalent. Intel does not expect any impact to the customers that receive SATA cable from the second source vendor.

No impact to customers is expected.
