# Product Change Notification

**Change Notification #:** 111688 - 00  
**Change Title:** Intel® Desktop Board DH61AG, Boxed and Bulk  
PCN 111688-00, Product Material  
Change to NEC USB 3.0 Stepping  
**Date of Publication:** August 15, 2012

## Key Characteristics of the Change:

Product Material

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Sep 04, 2012
---	--------------

## Description of Change to the Customer:

To prevent a potential risk of having a material shortage on NEC USB 3.0, the part will be changed from AF1 to F1 stepping.

## Customer Impact of Change and Recommended Action:

It has been observed that the change for the USB3.0 controller reports a "New device detected" in some operating systems. Microsoft\* Windows will display a message and automatically install the necessary drivers; however, customers may wish to update their OS image to avoid the message.

This change has been thoroughly evaluated to ensure there is no quality, reliability, or functional implication to our customers. Intel is not recommending additional qualification of these changes on platforms received from Intel.

Milestone dates are estimates and subject to change based on business and operational conditions.
