Product Change Notification

Change Notification #: 106900 - 00
Change Title: SR2400, PCN 106900-00, Product Design, Class 2: Replacing PCI-E Connector on PCI-E Riser Card
Date of Publication: October 25, 2006

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Nov 11, 2006
Date of First Availability of Post-Conversion Material:	Nov 11, 2006

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

The PCI-E connector on the PCI-E riser card used in Intel(R) Server Chassis SR2400, is being replaced with a new PCI-E connector to meet Telecommunication's NEBS requirement.

Customer Impact of Change and Recommended Action:

Intel anticipates no customer impact for this change. Evaluate when available.
