Product Change Notification

Change Notification #: 113223 - 00
Change Title: Intel® Cache Acceleration Software
PCN 113223-00
Product Discontinuance, End of Life
Date of Publication: August 27, 2014

Key Characteristics of the Change:

Product Discontinuance

Forecasted Key Milestones:

Product Discontinuance Program Support Begins:	Aug 29, 2014
Last Product Discontinuance Order Date:	Sep 30, 2014
Last Product Discontinuance Shipment Date:	Sep 30, 2014

Description of Change to the Customer:

Intel® Datacenter SSDs and Intel® Cache Acceleration Software combine to provide a high performance server-side caching solution. Users can realize the benefit of SSD performance without the expense of a full migration away from their existing storage architecture.

Intel has simplified the structure of our part numbers to make it easier to sell Intel CAS along with Intel Datacenter SSDs. As a result of these changes, several SKUs of Intel CAS will no longer be offered.

Customer Impact of Change and Recommended Action:

400GB and 800GB SKUs for Intel® CAS and support will be eliminated. Customers should instead use the newly introduced 200GB SKUs that reflect a reduced price and simplified licensing model.

Customers need to place future orders using the Recommended Product Code / MM# as noted in below table.

Please contact your local Intel Sales Office or Distributor if you require more information or need assistance in selecting a replacement product.

Milestone dates are estimates and subject to change based on business and operational conditions.
