Change Notification #: 114574 - 00
Change Title: Boxed Intel® Compute Stick
STK2mv64CC,
PCN 114574-00, Product Design,
BIOS Update
Date of Publication: May 03, 2016

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	May 20, 2016
---	--------------

Description of Change to the Customer:

The Intel® Compute Stick SKU listed in the products affected table below will have the following change.

The BIOS will be updated from CCSKLM5V.86A.0033 to CCSKLM5V.86A.0034. To access the release notes or get a copy of the BIOS for evaluation, go to <http://downloadcenter.intel.com>.

Customer Impact of Change and Recommended Action:

It is recommended that customers evaluate this new BIOS to ensure a smooth transition. This change has been thoroughly evaluated to ensure that there are no quality or reliability implications to our customers. Intel validation of a new board revision does not include testing with older versions of BIOS.

Intel will attempt to deplete pre-conversion material before shipping post-conversion material but there is a possibility of Intel shipping mixed inventory. Therefore, customers will need to manage and migrate to the post-conversion material as soon as possible.

Milestone dates are estimates and subject to change based on business and operational conditions.
