Product Change Notification

Change Notification #: 103516 - 00
Change Title: DISI32R2JP, PCN 103516-00, FYI, Release of new Product Assembly with both Manufacturing and Design cleanup
Date of Publication: August 27, 2003

Type of Change Notification:

FYI - (For Your Information)

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

Date of First Availability of Post-Conversion Material:	Sep 19, 2003
----------------------------------------------------------------	--------------

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

Introduces a new Printed Circuit Baseboard into production which improves manufacturability and general signal quality.

Customer Impact of Change and Recommended Action:

This change is a manufacturing enhancement and has no impact on units in the field.

This change has been thoroughly evaluated to ensure that it does not have any negative functional implications to our customer.

Products Affected / Intel Ordering Codes:

Board Products Table

Affected Product Code	Pre-Change MM#	Post-Change MM#
