# Product Change Notification

**Change Notification #:** 105932 - 01  
**Change Title:** Intel Server Management Module Professional Edition and Advanced Edition, PCN 105932-01, Product Material, Class 1; Conversion to Restriction of Hazardous Substances  
**Date of Publication:** February 17, 2006

## Key Characteristics of the Change:

Product Material

## Forecasted Key Milestones:

|   |              |
|---|--------------|
| <b>Date Customer Must be Ready to Receive Post-Conversion Material:</b> | Apr 03, 2006 |
|---|--------------|

## Description of Change to the Customer:

### Reason for Revision: Content Correction

The Intel Server Management Module - Professional Edition and Advanced Edition is converting from a Leaded (Eutectic) Manufacturing Process to a Restriction of Hazardous Substances (RoHS) manufacturing process and is supporting Intel's suppliers' conversion plan of removing lead from components.

Intel is driving this conversion to be aligned with the European Union legislation, which requires Restrictions on Hazardous Substances (RoHS) and bans lead after July 1, 2006 unless covered in an exemption.

The Intel server product described in this Product Change Notification will meet the Server Exemption, allowing leaded solder in the manufacturing process.

The process and component changes have no impact on product form, fit or function. Intel has successfully completed our standard suite of Functional and Qualification testing and has achieved eutectic equivalence.

### Customer Impact of Change and Recommended Action:

These changes are NOT expected to affect the Microsoft\* Windows\* operating systems or Linux\* operating systems software driver stack. The changes have been thoroughly evaluated to ensure that there is no quality, reliability or functional implications to our customers. Intel is not recommending additional qualification of these changes on platforms received from Intel.

## Products Affected / Intel Ordering Codes:
