Description of Change to the Customer:

As a result of changes decreed by the new European Radio Equipment Directive 2014/53/EU, Intel is making the following updates to the Intel® Wireless Gigabit Sink W13100 SKUs listed in the products affected table.

1. The current CE! Mark on the module label will be modified to remove the Alert Symbol (!) following the CE mark.
2. We will be adding 2 graphics to the outer packaging to be visible by EU customs.
 - a. A new CE graphic:
 - b. The Intel Corporate address

The Artwork for outer packaging has not been finalized by the EU at this time. As a result Intel may need to initiate these out packaging additions in 2 phases.

Phase 1: separate labels will be created and added to the side of the outer box.

Phase 2: Intel will incorporate into the existing out box labels.

Intel is updating an internal revision number on the Label for the following SKU's:
