Key Characteristics of the Change:

Product Discontinuance

Forecasted Key Milestones:

Last Product Discontinuance Order Date:	Dec 31, 2017
Last Product Discontinuance Shipment Date:	Jan 31, 2018

Description of Change to the Customer:

Intel is discontinuing production of Intel® RealSense™ Development Kits featuring R200, ZR300 and SR300 and the support for Software Development Kit (SDK) for these development kits.

Intel is introducing new Intel® RealSense™ Depth Camera D415 and D435 and new Software Development Kit (SDK2.0) for these new cameras and will start shipping on January 8, 2018. The New SDK 2.0 does support depth for the SR300 but not any previous middleware.

Customer Impact of Change and Recommended Action:

The current Development Kits are available in limited quantity until inventory runs out.

In order to continue using the RealSense technology for your applications Intel recommends that you start evaluating the Depth Camera D415 and D435 with the new SDK2.0 as soon as possible.

Please contact your local Intel Field Sales representative if you have any further questions about this End of Life notice.

The recommended replacement SKU is noted within the affected products table within this PCN notice.
