

Product Change Notification

104960 - 00

Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice.

Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below. No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones set forth in this attached PCN.

Product Change Notification

Change Notification #: 104960 - 00
Change Title: Intel® NetStructure™ SS7SIU520xxx, SS7SB520xxx Product Family, PCN 104960-00, PD, Product Discontinuance caused by TSRLT2 Langley -TU Carrier Grade Server going EOL
Date of Publication: April 01, 2005

Type of Change Notification:
PD - (Product Discontinuance)

Key Characteristics of the Change:
Product Discontinuance

Forecasted Key Milestones:

Product Discontinuance Program Support Begins:	Apr 01, 2005
Last Product Discontinuance Order Date:	Oct 29, 2005
Last Product Discontinuance Shipment Date:	Dec 31, 2005

Description of Change to the Customer:

Discontinuance of Intel® NetStructure™ SS7SIU520xxx and SS7SB520xxx product families.

The retired SS7SIU520xxx, SS7SB520xxx product families have form, fit and function replacement SS7G21 migration product candidates. Product Codes being retired are listed in the Product Table below.

Customer Impact of Change and Recommended Action:

Migration guides to the SS7G21 products that have been field verified and approved are available. The Migration Guides are located at:

<http://resource.intel.com/telecom/support/ss7/cd/productspecific/index.htm>

Previously pre configured SIU520 units were available. The replacement product (SS7G21x) enables field activation of protocol licenses thus removing the need to have pre-configured units.

Please determine your remaining demand for the affected product and place orders in accordance with the key milestones listed.

Last Product Return Date is July 2, 2005. Orders are non-cancelable and non-returnable after July 2, 2005.

End of Support is December 31, 2007

End of Support is defined as:

The date after which the following support services are no longer available:

- Software availability - download

- ADC telephone support - (only available to customers with valid Service Level Agreement)
- ADC's active reproduction of customer-reported problems
- Installation and configuration support
- Technote and Application Note creation and maintenance
- iSM@RT product issue tracking
- PTR entry. Fixes for unresolved PTRs will not be pursued nor released in Point or Service Packages, or in a product revision. All unresolved PTRs must be dispositioned by the BU with agreement by Worldwide MCPD Services.

The End of Support date does not impact the terms of the stated product warranty that governs product repair service.

Contact your sales representative for additional migration information and/or any issues you may have with this Product Discontinuance Plan.

Migration Plan

The following SS7G21 products are recommended as migration products.

Hardware
