Forecasted Key Milestones:

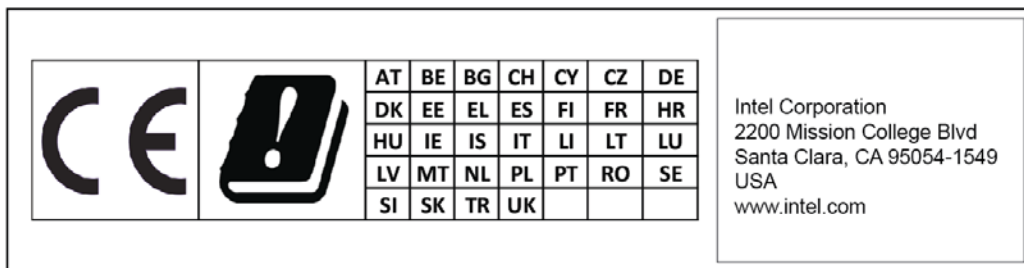

Date Customer Must be Ready to Receive Post-Conversion Material:	Mar 31, 2017
---	--------------

Description of Change to the Customer:

The Intel® Dual Band Wireless-AC 8265 SKU listed in the products affected table below will have the following changes.

As a result of changes decreed by the new European Radio Equipment Directive 2014/53/EU, Intel is making the following updates to all products.

1. The current CE ! Mark on the module will be modified to remove the Alert Symbol (!) following the CE mark.
2. We will be adding 2 graphics to the outer packaging to be visible by EU customs.
 - a. A new CE graphic:
 - b. The Intel Corporate address

The Artwork for outer packaging has not been finalized by the EU at this time. As a result Intel may need to initiate these outer packaging additions in 2 phases.

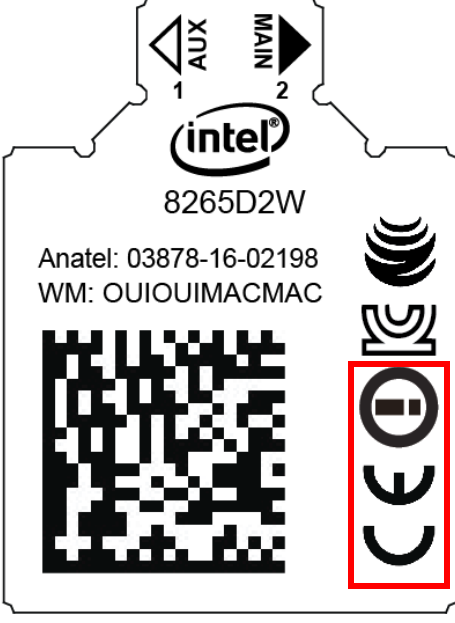

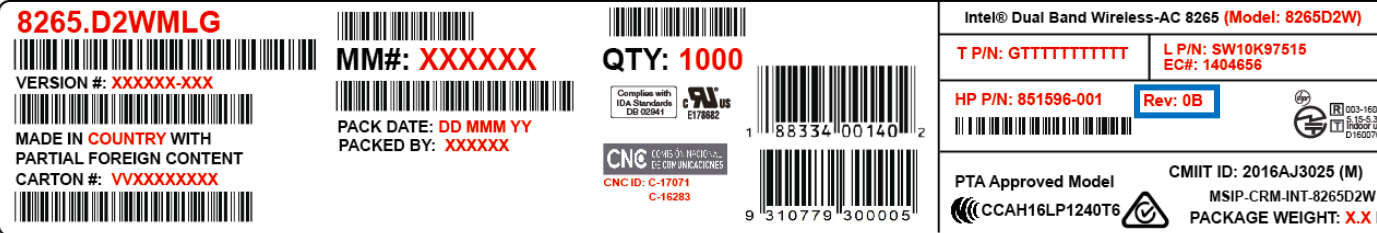

Phase 1: separate labels will be created and added to the side of the outer box.

Phase 2: Intel will incorporate into the existing out box labels.

3. The Intel tracking number revision will be changed as follows on the following products

SKU	Before	After
8265.D2WMLG	0B	0C
8265.D2WMLGH	0B	0C
8265.D2WMLG.NV	0B	0C
