High level details:

Intel has removed the Intel® System Management Software DVD that ships with all Intel® Server Boards and requests users to download the software from the Intel support web site. Note that this only impacts the management software DVD. Intel will continue to ship the Intel® Server Deployment Toolkit CD. If you are in need of the software on physical media, please send e-mail to SMS@intel.com. With the exception of Microsoft* System Center Essentials, all previous products on the DVD can be downloaded from <http://www.intel.com/go/servermanagement>. Microsoft* System Center Essentials 2007 (Essentials 2007): This product is a full IT management solution intended for the mid-market. Intel developed the Intel® Management Packs for both server and client hardware that integrate seamlessly into Essentials 2007. A trial version of Essentials 2007 can be downloaded from <http://www.microsoft.com/Essentials>.
