Product Change Notification

Change Notification #: 104083 - 00
Change Title: D41JCTLS, PCN 104083-00, FYI, Release new board assembly that incorporates 3.3 volt version of QLSLAC device
Date of Publication: May 26, 2004

Type of Change Notification:
FYI - (For Your Information)

Key Characteristics of the Change:
Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Jun 07, 2004
Date of First Availability of Post-Conversion Material:	Jun 07, 2004

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

QLSLAC manufacturer has discontinued production of the 5 volt device. This event has required a board redesign to accept the new 3.3 volt QLSLAC. New board assembly incorporates a 3.3 volt version of QLSLAC device in place of 5 volt version of the device.

Customer Impact of Change and Recommended Action:

This change has no impact on units in the field. This change has been thoroughly evaluated to ensure that it does not have any negative functional implications to our customer.

Customers should modify their databases in order to place orders against the new order codes. See details below.

Products Affected / Intel Ordering Codes:

Board Products Table

Affected Product Code	Pre-Change MM#	Post Change Product Code	Post-Change MM#
