

Product Change Notification

Change Notification #: 119500-01

Change Title: Select Boxed Intel® Processors
PCN 119500-01, Transport Media,
Clamshell Update
Reason for Revision: QDMS Description
Update: Intel anticipates no impact to
customers, see PCN detail for further
information

Date of Publication: April 06, 2023

Key Characteristics of the Change:

Transport Media

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material	May 15, 2023
---	--------------

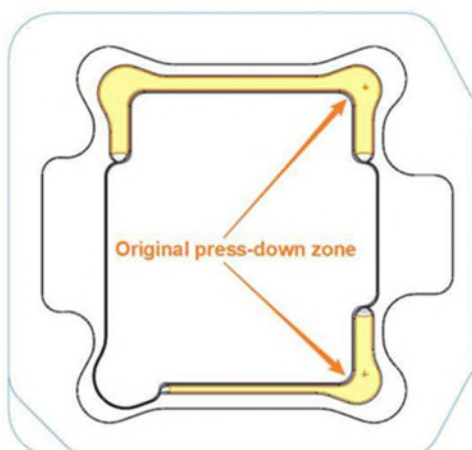

Description of Change to the Customer:

Reason for Revision: QDMS Description Update: Intel anticipates no impact to customers, see PCN detail for further information

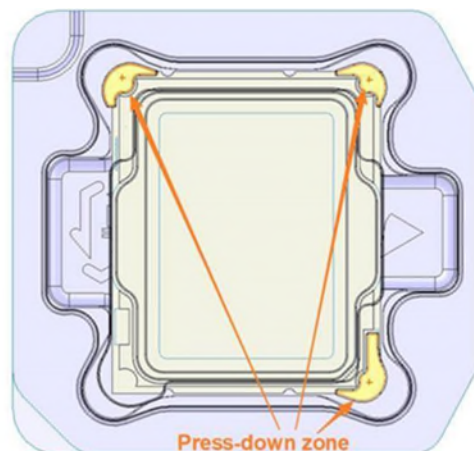

The Intel SKUs listed in the products affected table will have the following changes.

- Intel is modifying the clamshell design of select boxed desktop CPUs.

Current Clamshell Design

New Clamshell Design

Customer Impact of Change and Recommended Action:

There is no change to the Form, Fit, or Function of the product. The change is only to the clamshell packaging.

Customers should be aware of the changes to the packaging and take appropriate actions to accommodate the changes and avoid impact to their process.

Milestone dates are estimates and subject to change based on business and operational conditions.

Please contact your local Intel Field Sales Rep if you have any further questions about these changes.

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
