

Product Change Notification

106448 - 00

Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice.

Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below. No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones set forth in this attached PCN.

Product Change Notification

Change Notification #: 106448 - 00
Change Title: SR1400/SR1450/SR2400, PCN 106448-00,
Product Design, Class 2: Add Stop Tabs to
AXXFLOPHDDTRAY
Date of Publication: June 19, 2006

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Jul 05, 2006
Date of First Availability of Post-Conversion Material:	Jul 05, 2006

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

A change is being made to HDD-to-FDD conversion tray (AXXFLOPHDDTRAY) used in Intel(R) Server Chassis SR1400, SR1450 and SR2400. The change is to add sheet metal tabs to the tray to prevent the plastic bezel from taking the load and breaking off.

Customer Impact of Change and Recommended Action:

Intel anticipates no customer impact for this change. Evaluate when available.

Products Affected / Intel Ordering Codes:

Component Product Table

Affected Product Code	Pre-Change MM#	Post-Change MM#	Pre-Change TA	Post-Change TA	Pre-Change Subassembly	Post-Change Subassembly
AXXFLOPHDDTRAY	862684	862684	C76083-003	C76083-004
