**Change Notification #:** 109479 - 00  
**Change Title:** Intel® Embedded Processors and Chipsets, PCN 109479-00, Label, Country of Origin (COO) Label/Mark Changing from Malaysia to Costa Rica  
**Date of Publication:** August 21, 2009

## Key Characteristics of the Change:

Label

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Sep 21, 2009
---	--------------

## Description of Change to the Customer:

In order to ensure a continuous supply of the Intel® Embedded Processors and Chipsets listed in the Products Affected Table below, these products will be transferring to another Intel qualified assembly site. The new site is located in Costa Rica. Due to this change, the "Assembled In (Country)" on the Intermediate Box Label (I-box), see example below, will change from Malaysia to Costa Rica. If the Country of Origin (COO) identification is marked on the product, this will also change from Malaysia to Costa Rica. All material and equipment will remain the same.

## Example: Intermediate Box Label (I-box) with COO identifier circled

## Customer Impact of Change and Recommended Action:

Intel anticipates no impact to customers for this change. Customers may see products from either assembly site until current inventory is depleted. Customers may want to notify their receiving department of the change in Country of Origin marking.
