Customer Impact of Change and Recommended Action:

When available order the transition servers and base board.

For SR4850HW4/M, SR6850HW4/M, and BHWBASEM servers, refer to the SR4850HW4/M and SR6850HW4/M Configuration Guide for a list of supported options and accessories.

The BHWBASEM base board is not supported as a replacement of the C51891-60x based board supplied in the SR4850HW4, SR6850HW4 and BHWBASE servers.

Intel's Service organization replaces C51891-60x base board with an equivalent C51891-60x base board.

The BHWBASEM base board should be used to replace base boards in the SR4850HW4/M, SR6850HW4/M and BHWBASEM servers.
