Change Notification #: 114686 - 00
Change Title: Genuino 101* ATLASEDGE.2 and
ATLASEDGE.4
PCN 114686-00
Order Code, Transport Media
Date of Publication: June 15, 2016

Key Characteristics of the Change:

Order Code, Transport Media

Forecasted Key Milestones:

Date of First Availability of Post-Conversion Material:	June 15, 2016
Date Customer Must be Ready to Receive Post-Conversion Material:	July 15, 2016

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Pre-Conversion supply is limited and will be committed out to orders as a "first come, first serve" basis until supply is depleted.

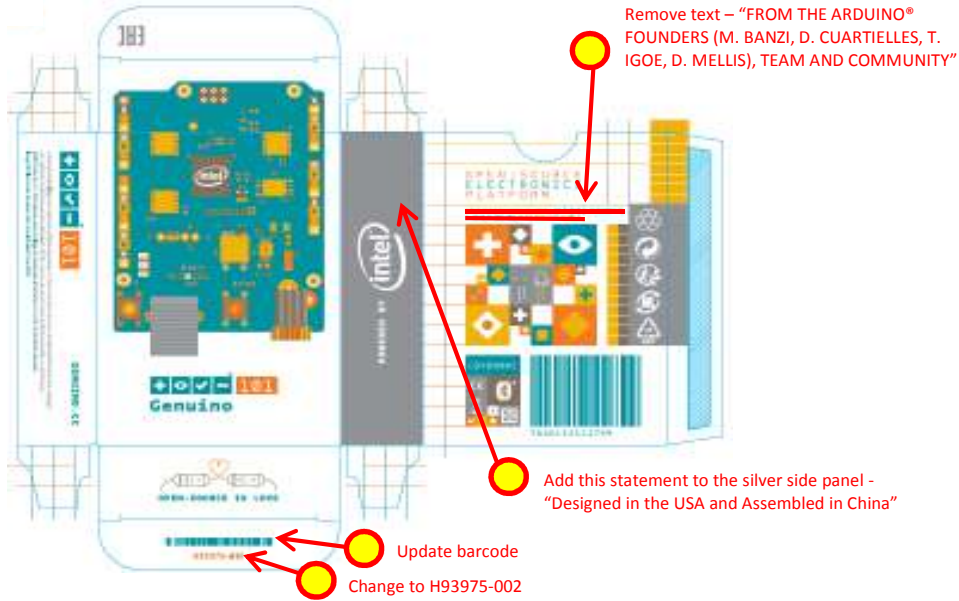

Description of Change to the Customer:

A new product code and material master number (MM#) will be replacing Genuino 101 Product Code ATLASEDGE.2 and Genuino 101 Product Code ATLASEDGE.4 as well as changes with packaging/warranty insert. Please see Packaging Change Images below and Products Affected/Intel Ordering Codes table.

Packaging/warranty **insert** changes:

- Updated retail box removing the following text: 'FROM THE ARDUINO® FOUNDERS (M. BANZI, D. CUARTIELLES, T. IGOE, D. MELLIS), TEAM AND COMMUNITY'
- Updated retail box adding the text 'Designed in the USA and Assembled in China'
- Updated retail box number from 'H93975-001' to 'H93975-002'
- Updated bar code on retail box (corresponds to retail box number)
- Consolidating two warranty inserts (H97026-003 and J22333-001) into one warranty insert (H97026-004)

Customer Impact of Change and Recommended Action:

Intel anticipates no change or impact to customer platforms designed to Intel guidelines.

Customers should be ready to receive the new material by the "Date Customer Must be Ready to Receive New Material" as shown above in the milestones above.

Recommended replacement part ATLASEDGE.WW is electrically identical and does not change form, fit or function. The changes are the Ordering Code, retail box revision and warranty insert consolidation.

Pre-Conversion supply is limited and will be committed out to orders as a "first come, first serve" basis until supply is depleted.
