Product Change Notification

Change Notification #: 107414 - 00
Change Title: Intel PRO/1000 GT Desktop Adapter, PWLA8391GT MM#864968, PWLA8391GTBLK MM#865080, and PWLA8391GTLBLK MM#865088 (Stebbins II LF)

PCN 107414-00

Label, Software, Transport Media

Peoples Republic of China (PRC) Environmental Friendly Use Period (EFUP) Label, Recycle Label, Software Driver Update, Standardizing Common Clamshells, Standardizing Product ID Label, Standardizing 3n1 Label Size and Box Change from Colored to Plain

Date of Publication: April 6, 2007

Key Characteristics of the Change:

Label

Software

Transport Media

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:

April 18, 2007

Description of Change to the Customer:

As a technology leader, Intel is making several important enhancements to its Intel® PRO Network Adapters. Intel will be implementing these changes due to recent People Republic of China (PRC) regulatory requirements, and to standardize products.

The Intel PRO/1000 GT Desktop Adapter, PWLA8391GT MM#864968, PWLA8391GTBLK MM#865080, and PWLA8391GTLBLK MM#865088 (Stebbins II LF) products, as shown in the Affected Products Table within this PCN notification, will undergo the following changes:

Intel will implement the following changes due to the Peoples Republic of China (PRC) RoHS Regulatory requirements:

Intel will add a PRC Environmental Friendly Use Period (EFUP) label on the Network Adapters:

- PRC requires this EFUP label for control of Pollution caused by Electronic Information Products.
- This EFUP label will be placed on the secondary side of the adapter, **as shown in the pictures below**, the EFUP label could be placed in a slightly different location based upon space constraints. This label will include a 10 year use period for all Desktop adapters, or a 20 year use period number for all Server adapters.
- The products shown in the Affected Products Table, within this PCN notification, will include this new EFUP label.

PRC EFUP 10 year label

PRC EFUP 20 year label

Intel will add a Recycle Label to all of the Networking Adapter cardboard boxes:

- Placement of this recycle label will vary based upon space constraints.
Recycle Label shown in the picture below.
- All products shown in the Affected Products Table within this PCN notification will include this new Recycle Label.

**Recycle Label
size 45.00mm x 45.00mm, black ink**

Intel is implementing the following changes in order to standardize the Networking Adapter product lines:

Software Driver Update:

- Intel will update the software drivers for the **Retail** adapters only to include support for Windows Vista, as shown in the Affected Products Table within this PCN notification.
- **Customers can download these new drivers at;**
http://downloadcenter.intel.com/scripts-df-external/Support_Intel.aspx
or <http://www.intel.com/support/network/adapter/>
- Please see the release notes with the drivers for additional details.

Standardizing Common Clamshells:

- Intel will be standardizing the Networking adapter clamshells. The clamshell design has a firmer closure, and customers might notice a slight difference in the way the clamshell opens.
- The products shown in the Affected Products Table, within this PCN notification, will include this new clamshell design.

Standardizing Product ID Label on all Networking Adapter Products:

- All adapter products will now include a new Product ID label on the secondary side of the adapter PB (printed board) and on the outside of the adapter Static Bag (for products which are packaged in a Static Bag). **Please see pictures below.**
- The Product ID label will no longer be placed on the Clamshell.
- The products shown in the Affected Products Table, within this PCN notification, will include the Product ID label placement change.

Picture of ID Label on Static Bag (example only)

Standardizing 3n1 Label Size:

- The 3n1 label, which is placed on the primary side of the adapter in the upper right hand corner, will change from either a Large label size of 2" x .25" or Small label size of 1" x .20" to a Medium label size of 1.2" x 0.20". This will not affect the label data in any way. **Please see picture below.**
- We recommend all customers enable their bar code scanners to Scanning Code 93 for the new Medium sized label.
- The products shown in the Affected Products Table, within this PCN notification, will include the new Medium 3n1 label size.

Picture of Large, Small and Med sized labels (example shows size of labels only, not exact placement)

Box change from Colored to Plain:

- The Stebbins II LF, PWLA8391GT, MM#864968, Retail Single pak SKU only, will have a box change from a Colored box to a Plain box, **as shown in picture #1 and #2 below.**
- As a result of this box change, the product information will move from the end of the Colored box, to the new location on the plain box (**see picture #2**). The product information will be located on the new OBL (outer box label), **as shown in picture #3 below.** The OBL will be added to the outer box of the Retail single pak box only. This OBL label holds the box closed and contains the following information; Product Name, MM#, Product Code, Serial #, TA#, various regulatory markings, Country of Origin (COO), UPC code and Mfg Date.
- Customers might need to update their receiving processes to scan the new OBL.

Picture #2, New Plain Brown Box with OBL attached (example only)

Picture #3 Outer Box Label details (example only)

As a result of all changes above, the PBA (Printed Board Assembly) and TA (Top Assembly) numbers will roll, as shown within the Affected Products Table within this PCN notification. The MM (Material Master) and PC (Product Code) will not change for the affected products.

Customer Impact of Change and Recommended Action:

- The implementation date for all changes, on each SKU, will occur via a staggered implementation approach.
- Customers should expect to receive mixed inventory on all products until current inventory levels are depleted.
- If customers require samples, please contact your local Intel Field Sales Representative.

Products Affected / Intel Ordering Codes:

| Product Name | Product Code | Affected MM# | Old TA# | New TA# | Old PBA# | New PBA# |
