Product Change Notification

Change Notification #: 110643 - 00
Change Title: Intel® Desktop Board DP67BG, Boxed and Bulk
PCN 110643-00, Product Material
Add Alternate 1394 Controller IC to Improve Supply Line
Date of Publication: May 13, 2011

Key Characteristics of the Change:

Product Material

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Jun 06, 2011
---	--------------

Description of Change to the Customer:

Add alternate 1394 controller IC due to global limitations with the current silicon supply.

Customer Impact of Change and Recommended Action:

It has been observed that the alternate 1394 controller reports a "New device detected" in some operating systems. Microsoft* Windows will display a message and automatically install the necessary drivers.

This change has been thoroughly evaluated to ensure that there are no quality, reliability or functional implications to our customers. Intel is not recommending additional qualification of these changes on platforms received from Intel. Intel will be shipping mixed inventory until supply stabilizes. This will be an impact to customers but will allow for a continuous supply.

Milestone dates are estimates and subject to change based on business and operational conditions.

Products Affected / Intel Ordering Codes:
