

Product Change Notification

Change Notification #: 119546-02

Change Title: Select Intel® Server Boards, Spares and Accessories, PCN119546-02, Product Discontinuance, Product End of Life

Reason for Revision: Adding 5 SKUs, MM#s 99C8VP, 99C8VR, 99C8VT, 99C8VV, and 99C8VX

Date of Publication: June 02, 2023

Key Characteristics of the Change:

Product Discontinuance

Forecasted Key Milestones:

Product Discontinuance Program Support Begins:	May 05, 2023
Orders are Non-Cancelable and Non-Returnable After:	May 05, 2023
Last Product Discontinuance Order Date:	June 30, 2023
Last Product Discontinuance Shipment Date*	December 22, 2023

Description of Change to the Customer:

Reason for Revision: Adding 5 SKUs, Product Codes and MM# in the Product Affected/Intel Ordering Codes table.

Removing Product Codes VROCSTANKEY, and VROCPREMKEY from the EOL Roadmap

- The two SKUs stricken out in blue font in the "Products Affected/Intel Ordering Codes" table below are now removed from the EOL roadmap and will continue to be available

Intel is announcing the discontinuance of the select Intel® Server Boards, Spares and Accessories listed in the "Products Affected/Intel Ordering Codes" table below.

Intel will make best efforts to support all orders placed between the Non-Cancelable and Non-Returnable (NCNR) and the Last Product Discontinuance Order (LPDO) dates. After the LPDO date existing inventory is still orderable, under NCNR terms, and will be filled on a first come first served basis. Deliveries must be accepted within 15 days from the system build date, or order placement date, whichever is later.

Final purchase orders are non-cancelable and non-returnable, notwithstanding any conflicting terms in our quotes, purchase order acknowledgement or Distributor agreements.

Intel has enabled MiTAC to manufacture and sell the discontinued DSG products. MiTAC is an edge-to-cloud IT solutions provider; has been a longstanding partner of DSG, and is the current DSG ODM, manufacturer,

test, and integration partner for these systems. Intel and MiTAC are working together to ensure a smooth transition and to support you throughout this process. For information concerning these products, please contact: DSGserverinfo@mitac.com or contact your Intel Authorized Distributor.

Engineering and Support Guidance for Discontinued Products:

1. Two Sustaining Cycle Releases¹ per year is planned during the Extended Life Period². Beginning 2026, this will reduce to One Sustaining Cycle Release per year.
2. No new features or enhancements should be expected, however ECOs may be required during the extended life period to maintain supply lines (e.g., to qualify new vendor due to a component EOL).
3. Intel will provide reasonable commercial efforts in debugging issues during the warranty period for the product after the PDA date has passed. Fixes cannot be committed, but Intel will endeavor to provide reasonable workarounds for the product.

Customer Impact of Change and Recommended Action:

Determine your remaining demand for this product and/or evaluate additional sources (if applicable).

Milestone dates are estimates and subject to change based on business and operational conditions.

For additional product information please contact: DSGServerInfo@mitac.com. Please contact your local Intel Distributor if you require more information or need assistance in selecting a replacement product.

Products Affected/Intel Ordering Codes:

Marketing Name	Product Code	Affected MM#
