*The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.*

## Description of Change to the Customer:

To return a board(s) for reprogramming of the EEPROM, please complete the Direct Return Authorization (DRA) Warranty Repair Form, which for America's customers can be accessed by clicking on the following link: <http://www.intel.com/support/motherboards/draform.htm>.
