## 106907 - 00

Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice.

Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below. No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones set forth in this attached PCN.

# Product Change Notification

**Change Notification #:** 106907 - 00  
**Change Title:** Intel NetStructure® PBX-IP Media Gateway PIMG80LGNDNIV4, PCN 106907-00, Product Material, Substituted various RoHS parts for Non RoHS parts and Firmware update to version 5.0 Service Update 1  
**Date of Publication:** November 11, 2006

## Key Characteristics of the Change:

Product Material

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Nov 27, 2006
---	--------------

## Description of Change to the Customer:

Various RoHS parts that are being used in the RoHS PIMG products were substituted for non RoHS parts in the non RoHS PIMG80LGNDNIV4 product. This reduces the number of different parts in the PIMG product line and provides the inherent benefits. The PIMG80LGNDNIV4 product is not RoHS compliant.

Additionally this product will be shipped with Version 5.0 Service Update 1 (SU1) software and cannot be downgraded to a previous release of the Version 5.0 or Version 4.0. For users who currently use Version 4.0 based software and who do not wish to use Version 5.0 SU1, a new Version 4.0 Service Update – Service Update 7 (SU7) – is available for use with these units. Both Version 5.0 SU1 and Version 4.0 SU7 are available for download from the Intel Technical Services website.

## Customer Impact of Change and Recommended Action:

This change has been thoroughly evaluated to ensure that it does not have any negative functional implications to our customer. As part of this process, Intel has re-validated all affected product parameters to ensure that each affected product performs like the product it replaces.

No anticipated action required by customer except to place orders using new part numbers. See part number details below.
