Product Change Notification

Change Notification #: 109168 - 00
Change Title: Intel(R) Modular Server System Power Supply AXXPSU, PCN 109168-00, Product Design, Implement new firmware revision and Remove two capacitors to improve the performance of the I2C Bus
Date of Publication: January 21, 2009

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

| | |
|----------------------------------------------------------------|--------------|
| Date of First Availability of Post-Conversion Material: | Dec 01, 2008 |
|----------------------------------------------------------------|--------------|

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

Updated the PSU firmware to adjust the fan speed cooling algorithm. In addition, removed two capacitors on the I2C Bus to improve performance of the bus.

Customer Impact of Change and Recommended Action:

Intel anticipates no impact to customers.
