*The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.*

**Description of Change to the Customer:**

Intel Mobile Communications will introduce Nanium as a new assembly source.

**Customer Impact of Change and Recommended Action:**

Nanium Portugal is an existing qualified Assembly Site for other IMC products. Reference product was qualified in 2011 and is introduced in volume production. Form, fit, function and reliability of the products listed below will not be affected by this transfer to Nanium.

Please contact your local Intel Mobile Communications representative for further technical questions.
