

Product Change Notification

Change Notification #: 119480-00

Change Title: MINOR CHANGE,
Select Intel® 500 Series Chipsets,
PCN 119480-00, Manufacturing Site, Label,
Enabling Vietnam Manufacturing Site

Date of Publication: March 03, 2023

Key Characteristics of the Change:

Manufacturing Site, Label

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material	April 03, 2023
---	----------------

Description of Change to the Customer:

Intel will be making the following change to the products listed in the Products Affected/Intel Ordering Codes table below.

- Intel will enable an alternate qualified Manufacturing Site in Vietnam to perform full flow manufacturing (Assembly, Test, and Finish) on the products impacted.

The value printed on box labels representing the Country of Origin will change, depending on the site which performed assembly.

Customer Impact of Change and Recommended Action:

Intel considers this change a MINOR CHANGE. There is no change to the form, fit, functionality, quality or reliability for the products. All Intel manufacturing sites are certified equivalent (form, fit, function, and reliability) for the affected products and technologies of this change.

Customers should notify their receiving department to expect shipments from both qualified manufacturing sites.

Please contact your Intel Field Representative for any questions or concerns.

Products Affected/Intel Ordering Codes:

Marketing Name	MM#	Product Code	Spec Code	Platform

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
