Type of Change Notification:
FYI - (For Your Information)

Key Characteristics of the Change:
Product Material

Forecasted Key Milestones:

Date of First Availability of Post-Conversion Material:	Feb 27, 2004
--	--------------

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

Making modifications to the current SR2300 packaging cushion material to enable the chassis to be shipped with either the AC power supply or the DC power supply.

Customer Impact of Change and Recommended Action:

Making modifications to the current SR2300 packaging cushion material to enable the chassis to be shipped with either the AC power supply or the DC power supply - Customer needs to be aware of the change; no impact to customer expected.
