

Product Change Notification

Change Notification #: 119528-01

Change Title: Select Intel® RealSense™ Depth Cameras,
PCN 119528-01, Transport Media,
Replace the Blue Box with a White Box
**Reason for Revision: Updating the Effective Publish
Date to April 12, 2023**

Date of Publication: April 12, 2023

Key Characteristics of the Change:

Transport Media

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material	August 15, 2023
---	-----------------

Description of Change to the Customer:

Reason for Revision: Updating the Effective Publish Date to April 12, 2023

The Intel SKUs listed in the products affected table will have the following changes.

- Replacing the single camera box design to a white box with a new Intel logo as can be seen in the pictures below.
- The D415, D435 and D435i boxes are identical except for the model # printed on the label.

Before

After

Customer Impact of Change and Recommended Action:

There is no change to the camera itself and there is no action needed by the customer. The only change is the single box design in which the camera is packaged.

Intel anticipates no impact to customers. Please contact your local Intel Field Sales Representative if you have any further questions about these changes.

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
