Product Change Notification

Change Notification #: 107163 - 00
Change Title: DQ965CO, PCN 107163-00, Product Material, Adding alternate components to improve manufacturability
Date of Publication: January 04, 2007

Key Characteristics of the Change:

Product Material

Forecasted Key Milestones:

Date of First Availability of Post-Conversion Material:	Feb 01, 2007
--	--------------

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

Adding alternate components to ensure supply and improve manufacturability.

Customer Impact of Change and Recommended Action:

This change has been thoroughly evaluated to ensure that there are no quality, reliability or functional implications to our customers. Intel is not recommending additional qualification of these changes on platforms received from Intel. These board changes are not expected to cause a change to the Microsoft* Windows* operating system's software driver stack. No expected OS image change.
