Product Change Notification

Change Notification #: 106929 - 00
Change Title: SC5295-E, PCN 106929-00, Product Design, Class 2, Add Glue to 500W PS Module Transformer Windings to Reduce Noise and Change PSU Latch from Rubber to Plastic for Improved Reliability
Date of Publication: November 01, 2006

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Nov 27, 2006
---	--------------

Description of Change to the Customer:

(1) Glue is being added to 500W PSU transformer windings for active noise reduction and (2) The PSU latch cover is being changed from soft rubber to a hard green plastic which is going to be welded using an ultrasonic process instead of simply using glue as in the older design.

Customer Impact of Change and Recommended Action:

No action is recommended or required. The changes are being implemented only to increase design robustness.
