## Description of Change to the Customer:

**Reason for Revision:** Corrected typo error in Table 2. This is the same revision described in PDN2015 issued on June 12, 2020.

Intel is discontinuing Intel® Stratix®10 DX Engineering Samples (ES) ordering part numbers (OPNs). The ES part numbers are to be replaced with the production OPNs for procurement of Intel® Stratix®10 DX products.

## Customer Impact of Change and Recommended Action:

The OPNs in the "Replacement Production OPN" in Table 2 are the final, mass production equivalents of the corresponding ES OPNs. Customers are requested to do the following:

- Convert existing ES OPN orders to production OPN orders.
- Update the customer's Material Requirements Planning (MRP), Enterprise Resource Planning (ERP), or documentation systems to specify the production OPNs on all future orders.

This change does not impact the form, fit or function of the products.

The production OPNs are available for order entry and ready for shipment. The ES OPNs will continue to be open for transactions on Intel systems until the Last Time Buy (LTB) date specified in Table 1. Authorized Intel distribution partners have until the NCNRR date to submit a Return Material Authorization (RMA) request for ES inventory to Intel.
