Product Change Notification

Change Notification #: 106375 - 00
Change Title: Intel® Dialogic® System Release 6.1 for Linux, PCN 106375-00, Product Design, Replace Linux System release with a version which now includes board driver source code
Date of Publication: June 03, 2006

Key Characteristics of the Change:

Product Design
Software

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Jun 19, 2006
Date of First Availability of Post-Conversion Material:	Jun 19, 2006

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

Replacing System Release 6.1 for Linux CD with a new build, Service Update 205, which now includes board driver source code as a part of the Intel® Dialogic® Open System Release program. Further information about this program can be found at <http://www.OpenSystemRelease.com>

Customer Impact of Change and Recommended Action:

The previous CD build containing Service Update 189 will no longer be distributed physically but the build can still be downloaded from Product Center.

Further information about new Features or Defect Fixes that were added since Service Update 189 can be found in the Release Update located at <http://www.intel.com/design/network/manuals/telecom/sr611in/index.htm>

Contact your sales representative with any questions or for additional information.
