Product Change Notification

Change Notification #: 105369 - 00
Change Title: Intel NetStructure® ZT 5515 Compute Processor Board, PCN 105369-00, FYI, New solder side cover
Date of Publication: August 02, 2005

Type of Change Notification:
FYI - (For Your Information)

Key Characteristics of the Change:
Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Oct 03, 2005
---	--------------

Description of Change to the Customer:

Solder side cover changed from A61809-001 to D17479-001.

- New transparent cover is more durable and rugged compared to the previous black opaque material which was too rigid and prone to tear/break at the faceplate screw edges when flexed.
- Additional cut-outs have been implemented on the solder cover edge along the front faceplate to improve fitting.
- Screw mounting holes have been fabricated on the solder side cover to alleviate the need to remove the solder side cover when mounting hard disk drives to the board.

Customer Impact of Change and Recommended Action:

Customer must be ready to receive post-conversion change.

Further customer validation is not required as Intel has completed Full Qualification on the changes.

Products Affected / Intel Ordering Codes:

Board Products Table

Affected Product Code	Pre-Change MM#	Post-Change MM#	Pre-Change TA or AA	Post-Change TA or AA	Pre-Change PBA	Post-Change PBA
