Description of Change to the Customer:

Intel is announcing the discontinuance of the Intel® Data Center Blocks for Cloud as listed in the "Products Affected/Intel Ordering Codes" table below.

Intel will make best efforts to support all orders placed between the NCNR and the LPDO dates. After the LPDO date existing inventory is still orderable, under NCNR terms, and will be filled on a first come first served basis. Deliveries must be accepted within 90 days from the LPDO date.

Final purchase orders are non-cancelable and non-returnable, notwithstanding any conflicting terms in our quotes, purchase order acknowledgement or Distributor agreements.

Engineering and Support Guidance for Discontinued Products:

1. No new OS validation is planned. The THOL, supported processor and tested memory lists are frozen at PDA date.
2. No new features enhancements should be expected, however ECOs may be required to maintain supply lines (e.g. to qualify new vendor due to a component EOL).
3. Intel will provide reasonable commercial efforts in debugging issues during the warranty period for the product after the PDA date has passed. Fixes cannot be committed, but Intel will endeavor to provide reasonable workarounds for the product.

Intel reserves the right to change the products because of material source restriction.
