Description of Change to the Customer:

Reason for Revision: Update milestones as customer still requires current version of drive

Intel is announcing the End of Life timeline for the Intel® SSD 320 Series.

The Intel® SSD 320 Series products listed on the "Products Affected/Intel Ordering Codes" table below will be discontinued and unavailable for additional orders after the "Last Product Discontinuance Order Date".

Customer Impact of Change and Recommended Action:

Intel will make commercially reasonable efforts to support last time order quantities. However, due to supply limitations, customer orders may be fulfilled from the Intel® SSD 20nm Intel NAND product line. Please note: supply constraints may create situations where we are unable to support customer demand on either 25nm or 20nm products.

For applicable replacement product(s), customers should transition to the Intel Solid State Drive Pro 1500 Series or Intel Solid State Drive DC S3500 Series as defined in table

below or contact their field sales person for the latest available Intel® Solid State Drive on 20nm Intel NAND.
