

Product Change Notification

Change Notification #: 118636-01

Change Title: Intel® Neural Compute Stick 2,
PCN 118636-01, Product Discontinuance,
Product End of Life
**Reason for Revision: Updates on recommended
replacement product**

Date of Publication: October 20, 2022

Key Characteristics of the Change:

Product Discontinuance

Forecasted Key Milestones:

Product Discontinuance Demand To Local Intel Representative	January 31, 2022
Last Product Discontinuance Order Date	February 28, 2022
Orders are Non-Cancelable and Non-Returnable After	February 28, 2022
Last Product Discontinuance Shipment Date	June 30, 2022

Description of Change to the Customer:

Reason for Revision: Updates on recommended replacement product

Intel will discontinue the products listed in the "Products Affected/Intel Ordering Codes" table below. The products identified will be discontinued and unavailable for additional orders after the "Last Product Discontinuance Order Date" (see "Key Milestones" above).

Developers still working with the Intel® Neural Compute Stick 2 (NCS2) are advised to transition to the Intel® Edge AI box for video analytics (<https://www.intel.com/content/www/us/en/developer/articles/reference-implementation/edge-ai-box-for-video-analytics.html>), which offers hardware options to support your needs. Please note that not all options listed include the Movidius Myriad X VPU card.

Customer Impact of Change and Recommended Action:

Intel will support Functional Analysis Correlation Requests (FA/CR) for the products listed in the "Products Affected/Intel Ordering Codes" table below for 12 months from the Last Ship Date (see Forecasted Key Milestones above).

Intel manages inventory on a first in first out (FIFO) basis at the MM# level and orders will only be supported while supply lasts.

Please contact your Intel Field Sales Representative with any questions, requests or concerns

Products Affected/Intel Ordering Codes:

Marketing Name	Product Code	Affected MM#

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
