Description of Change to the Customer:

Intel is announcing the discontinuance of the non-RoHS version of the SBX82 blade server.

The Restriction of Hazardous Substances (RoHS) requirements in Europe have driven Intel to make material changes to all of our products including the SBX82.

At this point Intel will no longer manufacture the non-RoHS version of the SBX82 (MM# 870607).

However, we have a substantial inventory of the non-RoHS part and we encourage customers outside of Europe to continue purchasing MM# 870607 while supplies last.

European customers who require RoHS compliance can order MM# 874466.

Customer Impact of Change and Recommended Action:

Please determine your remaining demand for these products and place your last product discontinuance orders in accordance with the key milestones in the PCN
