**Date of Publication:** July 17, 2008

## Key Characteristics of the Change:

Product Material

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Jun 18, 2007
---	--------------

## Description of Change to the Customer:

This PCN (Product Change Notification) is to notify customers that Intel implemented a substrate material set on June 18, 2007 in order to ensure continued support of the product lines listed in the Products Affected table below. This material set is already qualified and in use on other Intel products and is considered a next generation material set to the products below.

## Customer Impact of Change and Recommended Action:

Intel anticipates no impact to customers.

This PCN (Product Change Notification) is to notify customers that there is no change to fit or function of the product. The only noticeable change is a slight difference in the substrate color on the finished product.

Please notify your incoming inspection of this cosmetic difference.

Please contact your local Intel Representative with any questions, issues or concerns.
