

Product Change Notification

Change Notification #: 119514-00

Change Title: Select Intel® NUC 12 Extreme Kit, Intel® NUC 12 Pro X Kit and Intel® NUC 12 Extreme Compute Element,
PCN 119514-00, Product Design, Label Update BIOS and Labels

Date of Publication: March 29, 2023

Key Characteristics of the Change:

Product Design, Label

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material	April 15, 2023
--	----------------

Description of Change to the Customer:

The Intel SKUs listed in the products affected table below will have the following changes.

- The BIOS will be updated from version 0056 to 0058. A complete list of BIOS changes can be found in the BIOS release notes. The BIOS updates and release notes can be found at <http://downloadcenter.intel.com>.
- Adding new French Triman logo to the labels for the external product packaging and the system itself. The logo is used to communicate proper recycling and should have no effect on the customer use cases.

Product	Before	After
NUC12EDB rating label		
NUC12EDB box label		

Product	Before	After
Add a Triman label on NUC12DCM EU/No Cord SKU		
NUC12DCM box label update on EU/No Cord SKU		

Customer Impact of Change and Recommended Action:

These changes have been thoroughly evaluated to ensure that there are no quality or reliability implications to our customers.

Milestone dates are estimates and subject to change based on business and operational conditions.

Customer can expect to receive mixed inventory until current inventory levels are depleted.

Please contact your local Intel Field Sales Representative if you have any further questions about these changes.

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
