Product Change Notification

Change Notification #: 103995 - 00
Change Title: SST10026QE Product Marking and Manufacturing Change Site Change., PCN 103995-00, FYI
Date of Publication: March 31, 2004

Type of Change Notification:
FYI - (For Your Information)

Key Characteristics of the Change:
Manufacturing Site
Product Marking

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	May 01, 2004
Date of First Availability of Post-Conversion Material:	May 01, 2004

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

Revision-00

In line with manufacturing site consolidation, Intel is transferring the products listed in the products affected table from Amkor Korea assembly site to Amkor Philippines assembly site. This consolidation will enable Intel to provide better support to customers in the dynamic market environment.

The country of origin will change from Korea to Philippines.

Customer Impact of Change and Recommended Action:

Revision-00

No customer impact anticipated, as there will be no form, fit or function changes to the products. Both Manufacturing sites are equivalent. Customers may receive product from either sited until existing inventory is depleted, There will be no change to the product order code.

Products Affected / Intel Ordering Codes:
