## Description of Change to the Customer:

### Reason for Revision: Revision to Ready to Receive Date

The Intel® Dual Band Wireless-AC 8260 product family will undergo the following changes:

- 1) OTP Patch for BT Device lost Issue
- 2) OTP Patch to resolve 2 BT Yellow Bang Issues

## Customer Impact of Change and Recommended Action:

Intel will attempt to deplete pre-conversion material before shipping post-conversion material but there is a possibility of Intel shipping mixed inventory. Therefore, customers will need to manage and migrate to the post-conversion material as soon as possible.

Milestone dates are estimates and subject to change based on business and operational conditions.

Please contact your local Intel Field Sales Rep if you have any further questions about these changes.

The BT fixes have been outlined in the Intel® Dual Band Wireless-AC 8260 Technical Advisory Document.
