

Product Change Notification

109903 - 00

Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice.

Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below. No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones set forth in this attached PCN.

Product Change Notification

Change Notification #: 109903 - 00
Change Title: Intel(R) Server Board S5520HCT, PCN 109903-00, Product Design, Update system software; Update attention document and Update board TPM chip
Date of Publication: April 2, 2010

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	May 07, 2010
---	--------------

Description of Change to the Customer:

Change 1)

System software programmed at the factory on the Intel(R) Server Board S5520HCT is being updated:

BIOS - update from R0045 to R0049

BMC firmware - update from 00.45 to 00.49

FRUSDR - update from 21 to 25

Please see the release notes for a list of changes made to the new system software revisions. The system software updates, including release notes for each, are available for download from Intel's support web site:

<http://support.intel.com/support/motherboards/server/s5520HC/>

Change 2)

Intel is updating the onboard TPM chip from PVLV version to PVMT version to enable the Intel® Trusted Execution Technology.

Change 3)

The attention document is also being updated to E85756-004 to include the latest software license agreement.

Customer Impact of Change and Recommended Action:

Intel does not foresee any adverse customer impact from these changes. Intel recommends that the customer perform a standard level of evaluation as updated product and software become available.
