Product Change Notification

Change Notification #: 104821 - 02
Change Title: SR1435VP2, PCN 104821-02, FYI, Class 2:
Modification To Improve The Fixed Drive
Carrier & Change The Fixed Hard Drive
Carrier Baffle
Date of Publication: July 14, 2005

Type of Change Notification:

FYI - (For Your Information)

Key Characteristics of the Change:

Product Design

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	Sep 23, 2005
---	--------------

Description of Change to the Customer:

The design of the fixed drive carrier is being modified to make the sheetmetal structure become the load bearing surface as opposed to the plastic bezel. The current design focuses shock into the plastic bezel where it is screwed to the sheetmetal structure. This new fixed drive carrier will be more robust. The Fixed Hard Drive Carrier beige baffle is being replaced with a shorter black baffle to eliminate possible interference with SATA connectors.

Customer Impact of Change and Recommended Action:

Customers should evaluate the new fixed drive carrier and baffle when available.

Products Affected / Intel Ordering Codes:

System Products Table

Affected Product Code	Pre-Change MM#	Post-Change MM#	Pre-Change TA	Post-Change TA	Pre-Change Subassembly	Post-Change Subassembly
