

# Product Change Notification

## 106456 - 00

Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice.

Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below. No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones set forth in this attached PCN.

# Product Change Notification

**Change Notification #:** 106456 - 00  
**Change Title:** Intel® PXA27x Application Processors, PCN 106456-00, Product Marking, Topside Mark Change  
**Date of Publication:** June 21, 2006

## Key Characteristics of the Change:

Product Marking

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	Jul 21, 2006
---	--------------

## Description of Change to the Customer:

Intel is replacing the filled-in Intel "i" logo on the topside mark of the Intel® PXA27x Application Processors with an outlined Intel "i" logo (see example of current and new topside mark below):

**Current Product Mark**  
(Example Only)

**New Product Mark**  
(Example Only)

There may be a transition period where parts marked with both the filled-in and outlined "i" logo will ship simultaneously. Both product markings are valid and customers should continue to accept either.

## Customer Impact of Change and Recommended Action:

The Intel® PXA27x Application Processors topside mark changes will be visible to the customer. Intel does not anticipate any performance, quality, reliability, interchangeability, functionality, customer handling, or manufacturability differences as a result of the mark change. Customers may want to notify their receiving and incoming inspection departments of this change.

Product Codes and Material Master Numbers (MM#) of affected products will not change due to this topside mark change. Customers do not have to change any ordering information. Product Codes and Material Master Numbers affected by this change are listed in the Product Affected / Intel Ordering Codes table below.

## Products Affected / Intel Ordering Codes:
