

Product Change Notification

Change Notification #: 119487-00

Change Title: Select Intel® Agilex® 7 Devices,
PCN 119487-00, Product Design, Documentation,
Timing Model Update

Date of Publication: March 13, 2023

Key Characteristics of the Change:

Product Design, Documentation

Description of Change to the Customer:

This is the same change described in ADV2304 issued on March 7, 2023.

Intel is notifying customers of a timing model update to selected Intel® Agilex® 7 Device with Intel® Quartus® Prime Pro Edition Software v22.4.

Refer to the following KDB for technical details related to this change:

<https://www.intel.com/content/www/us/en/support/programmable/articles/000093292.html>

Customer Impact of Change and Recommended Action:

This problem is fixed beginning with the Intel® Quartus® Prime Pro Edition Software version 22.4. For more details refer to the KDB.

For support, please contact your local Sales representative, or submit a question or request at the My Intel support page, log-in via:

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.

©Intel Corporation. Intel, the Intel logo, and other Intel marks are trademarks of Intel Corporation or its subsidiaries. Other names and brands may be claimed as the property of others.

No response from customers will be deemed an acceptance of the change, and the change will be implemented pursuant to the key milestones set forth in this attached PCN.

Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below.
