

Product Change Notification

105558 - 00

Information in this document is provided in connection with Intel products. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Intel's Terms and Conditions of Sale for such products, Intel assumes no liability whatsoever, and Intel disclaims any express or implied warranty, relating to sale and/or use of Intel products including liability or warranties relating to fitness for a particular purpose, merchantability, or infringement of any patent, copyright or other intellectual property right. Intel products are not intended for use in medical, life saving, or life sustaining applications. Intel may make changes to specifications and product descriptions at any time, without notice.

Should you have any issues with the timeline or content of this change, please contact the Intel Representative(s) for your geographic location listed below. No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones set forth in this attached PCN.

Product Change Notification

Change Notification #: 105558 - 00
Change Title: Intel® PXA27x Processor Family
Development Kit (DVK) for Portable Media
Player, PCN 105558-00, FFF, Product Design
Conversion
Date of Publication: October 07, 2005

Type of Change Notification:
FFF - (Form-Fit-Function)

Key Characteristics of the Change:
Product Design
Order Code

Forecasted Key Milestones:

Date of Qualification Data Availability:	Oct 07, 2005
Date Customer Must be Ready to Receive Post-Conversion Material:	Oct 07, 2005
Date of First Availability of Post-Conversion Material:	Oct 07, 2005

The date of "First Availability of Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Intel will continue to ship and customers may continue to receive the pre-converted materials until the inventory has been depleted.

Description of Change to the Customer:

A new revision of the Intel® PXA270 Development Platform: Wireless Portable Media Player (Mt. Graham) is now available. That new revision supports 802.11g, has camera quick-connect features added and supports the PXA270 C5 stepping.

As a result, the Intel® PXA270 Development Platform: Portable Media Player (Mt. Wilson) is unavailable for future orders.

Customer Impact of Change and Recommended Action:

Customers needing a PXA270 Development Platform for media player product design are encouraged to purchase the new Intel® PXA270 Development Platform: Wireless Portable Media Player by referencing the Post-Conversion Product Code & MM# in the Products Affected / Intel Ordering Codes table below.

Intel will continue to provide technical support to customers already using the pre-conversion platform as defined in Intel's standard Terms and Conditions of Sale.

Please visit Intel's Developer.com web-site for more information:
