

Product Change Notification

Change Notification #: 119522-00

Change Title: MINOR CHANGE
Select 13th Generation Intel® Core™ i5 and i3 for
Tray and Boxed Processors,
PCN 119522-00, Manufacturing Site, Label
Additional Site (China) for Assembly, Test, and
Finished Manufacturing

Date of Publication: April 07, 2023

Key Characteristics of the Change:

Manufacturing Site, Label

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material	May 07, 2023
--	--------------

Description of Change to the Customer:

Intel will be making the following change to the product listed in the Products Affected / Intel Ordering Codes table below.

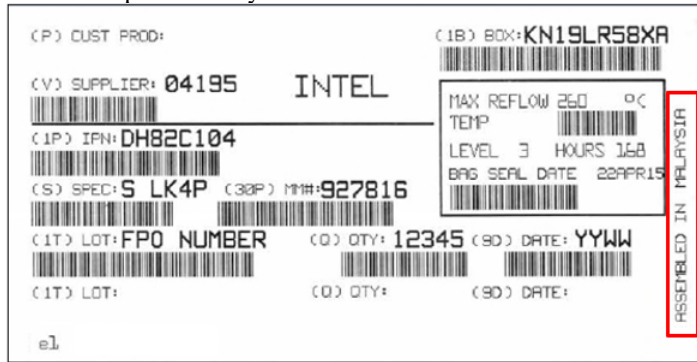

1. Intel will add an additional qualified Manufacturing Site in China to perform full flow manufacturing (Assembly, Test, and Finish) on the product impacted.

The value printed on box labels representing the Country of Origin will change, depending on the site which performed assembly.

COO example of China

COO example of Malaysia

COO example of Vietnam

Customer Impact of Change and Recommended Action:

Intel considers this change a MINOR CHANGE. There is no change to the form, fit, functionality, quality or reliability for the products. All manufacturing sites are certified equivalent (form, fit, function, and reliability) for the affected products and technologies of this change.

Customers should notify their receiving department to expect shipments from any one of our qualified manufacturing sites in China, Malaysia or Vietnam.

Please contact your Intel Field Representative for any questions or concerns.

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
