Date Customer Must be Ready to Receive Post-Conversion Material: Apr 28, 2017

Description of Change to the Customer:

The Intel® Dual Band Wireless-AC 7260 SKUs listed in the products affected table will have the following changes.

As a result of changes decreed by the new European Radio Equipment Directive 2014/53/EU, Intel is making the following updates to all products:

1. The current CE ! Mark on the module label will be modified to remove the Alert Symbol (!) following the CE mark.
2. We will be adding 2 graphics to the outer packaging to be visible by EU customs.
 - a. A new CE graphic:
 - b. The Intel Corporate address

The Artwork for outer packaging has not been finalized by the EU at this time. As a result Intel may need to initiate these out packaging additions in 2 phases.

Phase 1: separate labels will be created and added to the side of the outer box.

Phase 2: Intel will incorporate into the existing out box labels.

Intel is updating an internal revision number on the Label for the following SKU's:
