Description of Change to the Customer:

The Intel SKUs listed in the products affected table will have the following changes.

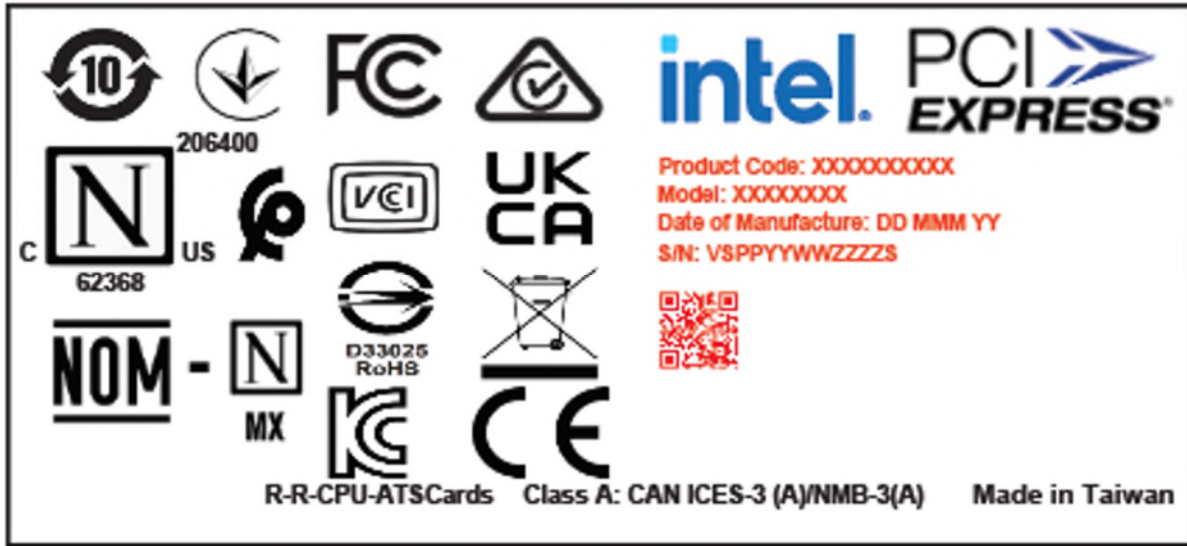

PCIE Regulatory Label Update (See following Image, on the next page)

- The Nemko Canada, US, and Mexico certification logo section will change from having the “**NOM** in front of the **N**”, to having the “**N** in front of the **NOM**”.
- Inventory will transition in the Intel factory on or beyond the above date to replace the previous packaging.
- All other Label information remain unchanged.

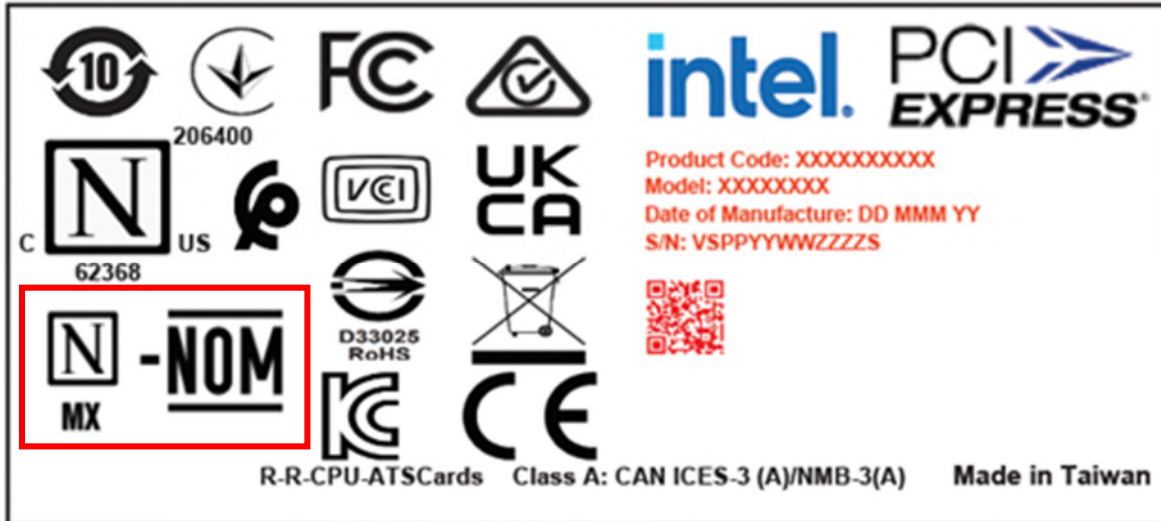

Changes from Rev01 to Rev02 PCIE Regulatory Label

New PCIE Label

Customer Impact of Change and Recommended Action:

The packaging labeling change eases customer Flex product FW identification, and Intel anticipates no product impact with this change.

Intel will attempt to deplete pre-conversion material before shipping post-conversion material. Customers will need to manage and migrate to the post-conversion material as soon as possible.

Milestone dates are estimates and subject to change based on business and operational conditions.

Please contact your local Intel Field Sales Rep if you have any further questions about these changes.
