

# Product Change Notification

**Change Notification #:** 818440-00

**Change Title:** Select Intel® Wolf Pass Server System Family,  
PCN 818440-00, Product Design, Product Material,  
New Integrated Circuit for Open Compute Project

**Date of Publication:** March 19, 2024

## Key Characteristics of the Change:

Product Design, Product Material

## Forecasted Key Milestones:

<b>Date Customer Must be Ready to Receive Post-Conversion Material:*</b>	April 13, 2024
<b>Date of First Availability of Post-Conversion Material:*</b>	March 29, 2024
<b>Date of Qualification Data Availability:*</b>	March 29, 2024
<b>Date of Samples Availability:*</b>	March 29, 2024

\* Intel appreciates the customer's desire to receive the latest revision of products. However, Intel manages inventory on a first in first out (FIFO) basis at the MM# level. Subsequently, customer requests for a specific revision of material (below the MM#) will not be supported by Intel.

## Description of Change to the Customer:

Intel is implementing a new integrated circuit on S2600WF systems motherboards for Open Compute Project (OCP) as second source due to a circuit shortage. The Intel® impacted SKUs listed in the products affected table below.

## Customer Impact of Change and Recommended Action:

Intel anticipates no impact to customers. Please contact your local Intel Field Sales Representative if you have any further questions about these changes.

## Products Affected/Intel Ordering Codes:

Marketing Name	Product Code	MM#	Pre Change TA	Post Change TA
Intel® Server System R2312WFTZSR, Single	R2312WFTZSR	986053	K40015-015	K40015-016

### Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at [www.intc.com](http://www.intc.com).

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
